WINTER FOUR

Faculty

Mr. Rodriguez, Principal

Dear Bassick Seniors,

As we close the academic year and bid farewell to the Bassick School Class of 1994, it's time to reflect upon the four years you have been with us. We may recall key athletic competitions, plays and assemblies, the senior banquet, the prom, graduation and other significant events; more vivid and lasting, however, are the memories of over 140 personalities who comprise the graduating class.

Each of our seniors has had some impact on our school community, whether it be on school staff, on other Bassick students, on students from the other high schools which have been involved in activities with our school, even on a few prominent political figures who have sought input from our students. Some of you have truly inspired us with your insights, perseverance and achievements.

As you leave us, I hope you will likewise remember the positive impact the rest of the school community has made upon you. Refer to this book, as we will, to remember those who were important during these four years of your lives. Let their lessons and examples continue to inspire you as you pursue your goals.
