# Principal's Message

The class of 1998 has distinguished itself by its accomplishments over its four years at Bassick. You will not only be remembered for these accomplishments, but also, for your spirit. These have been eventful years for the class of '98, but you have persevered to reach your goal of graduation.

It has been a pleasure working with you this year as your principal. My only regret is that I haven't had more time to get to know you and to work with you. I'm confident that the same spirit and attitude that has served you so successfully at Bassick will enable you to experience success in life.

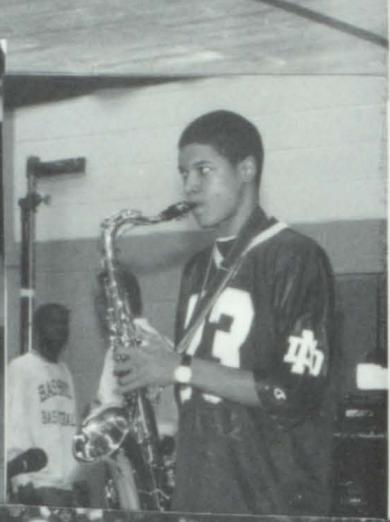

Remember that, although you will be graduating, you will always have a home at Bassick High School. We will always care about you and will always be eager to hear about your accomplishments. May you each experience success in all of your endeavors.

Mr. Ronald Remy, Principal
