Principal's Message

The class of 2000 has distinguished itself by its accomplishments over its four years at Bassick. As the first graduating class of the new century, you will not only be remembered for these accomplishments, but also, for the leadership you have shown over your high school years.

As always, you have made me proud to be your principal. I'm confident that the same spirit and attitude that has served you so successfully at Bassick will enable you to experience success in life.

As you leave us to discover the rest of your lives, we will miss you. However, remember that, although you will be graduating, you will always have a home at Bassick High School. We will always care about you and will always be eager to hear about your accomplishments. May you each experience success in all of your endeavors.

Dedication

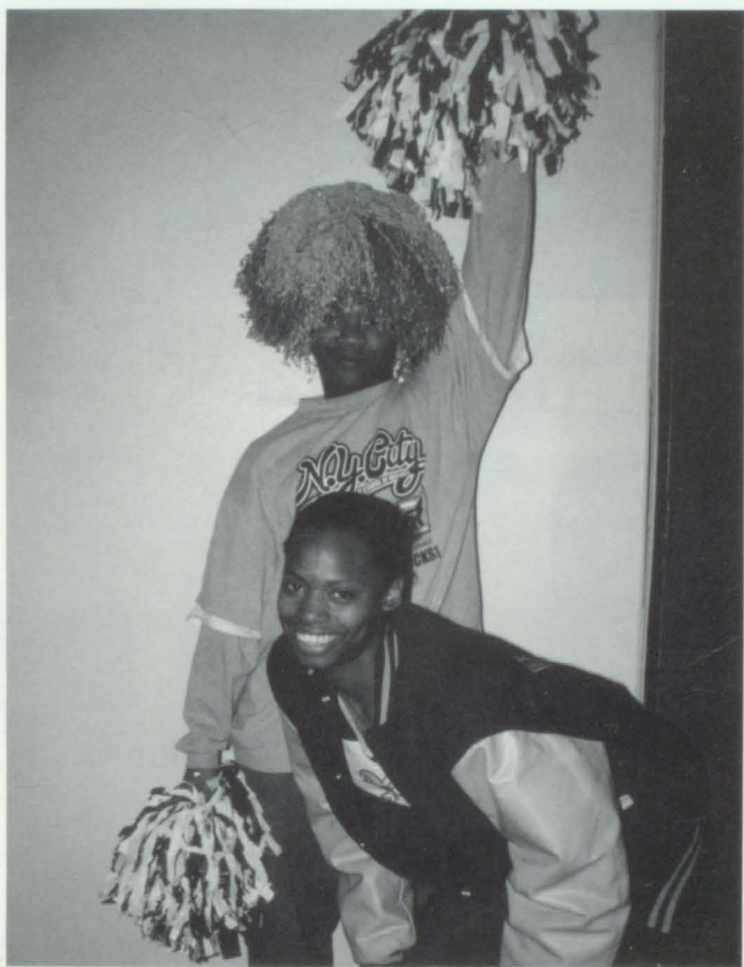

Angel Echevarria was born in Bridgeport, Connecticut on May 25, 1971. He attended Bassick High School where he excelled as a baseball star. He graduated in 1989, and continued to pursue his career in baseball. For several years, Echevarria dreamed of playing for a professional baseball team. In his own words, he explains, "I feel I had a very good chance... all I have to do is make the most of my opportunity." Echevarria's consistency is what led him down the path to a good future. In March, he not only made the Opening Day Roster, but he was also pulled off the benches into playing almost every game. Echevarria is now married with a son and is playing outfield for the Colorado Rockies. The phrase he used to advise those who have goals is, "You have to take it all in stride and just keep working and never be satisfied for less."

CLASS OF 2000 NEWS FLASH

This is a daily update on graduates of Bassick High School. Today we will be updating about the Class of 2000, whose first reunion will be tomorrow. This was an amazing senior class, because everyone turned out perfectly. So we will just highlight a few.

Josheka and Javier are now big star celebrities, co-starring in the "Millennium Seniors", which won a Grammy last week. Genise and Tyshon are seen regularly on stand-up Comedy Central cracking jokes as usual, and Nikki and Omolayo are finalists in the Olympics. Everyone's kids wear Pilar's designs, and Sophie is currently running for President. The faces of Michelle and Steven are all over magazine covers, and Jennifer, Ralph, and Lovely still always cheezin', on commercials. Desire's voice still boomin' across rooms as she and Scarlett host the local talk show, JerryJones. Rukiya was last seen messin' with rich man what's-his-face, and Nasha represents with her hotshot ceramics in museums.

Keeping you updated on the many successes of Bassick graduates.

CONGRATULATIONS

Class of 2000

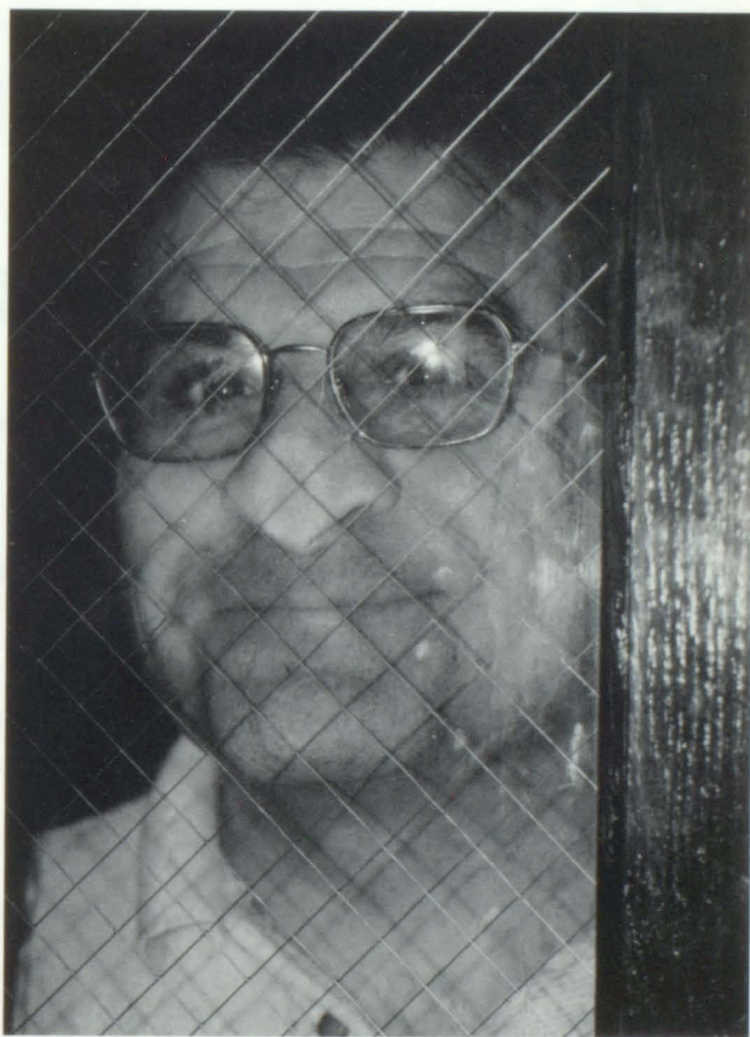

From the Bassick Guidance Department

GOOD LUCK

Class of
2000

Senior Horoscope by Tenisha Jex

Aries: March 21-April 19

You'll get a chance to exercise the tremendous patience others admire you for. Use this as a chance to get ahead of the group. Patience is virtue.

Taurus: April 20-May 20

A bold move opens up new possibilities for your career. It's a great time for business or a romantic rendezvous. Trust yourself and make thoughtful decisions. Spend time with love interests. What you get in return will surprise you.

Gemini: May 21- June 21

Seek out friendships that will encourage your spiritual growth. Try not to gamble with relationships. Instead sit back and let love find you. Your chance of finding love is as good (or bad) as any other Gemini. You might be surprised at how nature will take its course if you let it.

Cancer: June 22- July 22

You are bound to find trouble in your life. Cancers encounter complicated situations all the time. If you do encounter these situations, face them with a strong soul. You will get through. Life is a struggle. Make the best of it.

Leo: July 23- Aug. 22

Your decisions help diffuse family conflicts. Don't act too decisive or with hurried haste. Think fully about the decisions you make. They will heavily influence your family members.

Virgo: Aug.-Sep.22

Take small risks but be careful. Advice can be very useful to you but trust your instincts. Take change that you know will help you in future. Be sure to tie up all loose ends before you move on to other things. Virgo is a sign of confidence. Hold your head up high.

Libra: Sep.23-Oct.23

Fear of anything must be conquered in order to move up that ladder. Overcome these fears before you make decisions that will severely affect your life style. By doing this, you will be assured of a happy life.

Scorpio: Oct.24-Nov.21

Be spontaneous in your romantic life. Scorpions are fun and exiting. Adding spontaneity to those is a sure plus. Surprises are always good for young hearts.

Sagittarius: Nov.22-Dec.21

Always set time aside for yourself. Being alone can make you realize in which direction your life is going. Reflecting on past mistakes can make you see in what ways you can better yourself.

Capricorn: Dec.22-Jan.19

You are an excellent people person and your great in relationships. Start making long term plans for your relationships. Thinking about the future and making plans will put you ahead of your peers.

Aquarius: Jan.20-Feb.18

You have secrets that have the potential to shake things up in a big way; use caution. Look out for yourself and be careful to whom you are telling your secrets to. Friends can be not so friendly.

Pisces: Feb.19-March 20

Pisces are very smart. You look for the easy way out all the time. Stay and work out circumstances that may seem too difficult for you to control. Your life is going to be full of hardships and you can't go through life hiding from them.
