

Library Trustees: Survey to identify potential programs of interest

ACLB's goal is to assist trustees in broadening their knowledge base regarding effective and efficient governance of public libraries by offering a wide variety of educational opportunities. This survey will help the Association of Connecticut Library Boards determine the ongoing program needs and preferred methods of delivery of Connecticut library trustees.

Program delivery preferences	Least preferred	Preferred	Most preferred
Local Programs in-person or online programs offered in one's own library or district			
Distance Programs/Conferences in-person programs offered anywhere in the state or region (includes the November conference)			
Online Programs programs offered online, either live (zoom) or recorded			

Do you have any comments?

Areas of interest [check all that apply]

Governance Responsibilities

Budget/financial management
Director evaluation
Library Board evaluation
Building projects
Strategic planning (long term and annual)
Supporting/nurturing innovative services
Local and state level advocacy
Public library policy governance
Laws and liability
Effective director and staff relationships
Trustee roles and responsibilities

Current issues in public libraries

Diversity, Equity, Inclusion (DEI)
Censorship
Literacy
Civil liberties and library services
Disaster planning
Technology/digital navigation
Digital divide
Homeless populations

Do you have any suggestions for topics and/or recommendations for presenters?

If you have ever attended an ACLB conference (or other) that you felt was very useful, what were the topics, presenters, and locations?

Thank you for participating. Be sure to check out the ACLB website for programming opportunities.
