

# Monthly Report East Side

## March 2021

Browsing came back to the East Side in this month. Patrons were very happy this service is back. One patron said she enjoyed being able to do her favorite hobby again.

East Side got help from Sirila, Hassan, Cicelia, and Andre thanks to Vivian for this help.

First aid kit was installed at East Side. It was mounted in the Children's area.

Book display at East Side consisted of celebrating Women's Month. We had books on Selena, Sonia Sotomayor, Lizzo, Rosa Parks.

Luis did a Salsa dancing class on zoom this month and 1 person showed up. I also put together a DC female character chat but no one showed up. I am hoping to do this same one next year but to marked it early in February for a March 2022 event.

Kristin program consisted of Storytime Stars. She did the program 4 times on Facebook Live. On March 4 her story time reached 153 people, on March 11 her story time reached 20 people, on March 18 her story time reached 155 people, and finally on March 25 her story time had reached 176 people.
