

RandR February 2021 Monthly Report

The grant monies having all been spent, the fruits of the expenditures are coming in, some slowly, and are being put together for use. We are still in the midst of reshelving, weeding, and sprucing up the collection to be ready for reopening.

- Ron Fontaine's supervision of Youth Services was transferred to Vivian Bordeaux. He was assigned supervision of computer tasks for the library system.
- Librarian Steve Kwasnik was busy arranging programs for the public for the Spring and Summer.
- Library Assistant Nick Roman helped Ron with preparing new computers for deployment by Bibliomation.
- All the staff were engaged in the reshelving, weeding, and sprucing up project mentioned in the opening paragraph.
- Library Assistant GianCarlo Amado helped in marketing of, and assistance in, presentations of Zoom programs to patrons. One of these was a book discussion, for Black History month, presented by City Librarian Elaine Braithwaite.
- Library tasks, such as book selection, ordering, periodicals upkeep, and so forth, continued as usual.

Respectfully submitted,

Ronald G. Fontaine MLS
Librarian III
Head of Reference and Research Division
