Newfield 38,035 (88/1,000); North 100,685 (113/736)

BRIDGEPORT LIBRARY

For the month of Aug:

We continue to work along with the History Center on their project to add and remove items from our collection and our catalog. What makes this project interesting is that the items are unique to the Bridgeport and Fairfield areas.

Technical Services continue to receive and process materials from our vendors. We also continue to address problems that we might come across in Evergreen/Bibliomation

A couple of vendors provided a review session for the librarians who order materials., it was very helpful.

The beginning of the month I attended the mandatory staff development session held at Burroughs. Some very interesting information was shared with the staff.

Bridgeport will host a SCSU library student intern until December. We are hoping that she will get the experiences of what it feels like to work in a large urban public library. She will be involve with creating and will have an opportunity to participate in some of library programs.

I participated in the Mayor's city resident, back to school event and the Library's open house. Both events were successful.

We continue to provide the ILL service and we continue to receive about 70 magazines, monthly.
