To: Alicia Connery &lt;AConnery@antinozzi.com&gt;

Dear Alicia,

Thank you for giving us these options. We will go with:

- Power and USB Ports for desks and tables (D-2, D-3, D-5, T-3, & T-5): Total ~~\$974.00~~  $\$1024 - 50 = \$974$
- Bluetooth Lectern - Black finish - \$1232.53

We will pass on power and USB for the Marketplace and teen sofas.

Thank you so much! Please go ahead and order. Please give me a delivery window when you have one.

Thanks,  
Elaine

Elaine,

I reached out to the furniture dealers in regards to adding power and usb ports to the top of the desks and tables and adding to some of the sofas.

(D-2) will be an additional \$50 per desk (5 desks x \$50 = \$250)

(D-3 &amp; D-5) will be an additional \$99 per desk (4 desks x \$99 = \$396)

(T-3 &amp; T-5) will be an additional \$189 per table (2 tables x \$189 = \$378)

The lectern that we originally presented does not come with a microphone or Bluetooth. Attached is what the dealer recommended which is \$1232.53 and that is \$50.99 less than the original one. This lectern only comes in a black finish as shown in the attached file.

(S-3) Sofa in Marketplace can have power added to each piece. That sofa is made up of 4 individual pieces. The price of the power is \$279.40 each.

(S-13) 'U' shaped sofa the dealer doesn't recommend adding the power to the piece but sent over a spec on a portable charging source which is \$849.00 a piece.

Let me know if you have any questions. If you approve these additions then I will send that over to Dominic to proceed with the orders.

Thank you,
